## WHAT TO EXPECT WHILE WRITING THE EXAM

For multiple choice questions, simply click on the text of the answer that you wish to select or the circle located directly to the left of the text. The platform will colour the circle of your selected option once clicked.

To proceed to the next question, you can either select “Submit answer” or the next arrow “>” as depicted below:

The examination is timed and its timer starts from the moment that you start the test. The timer remains constantly in your view as depicted below. Note, if for whatever reason you were to disconnect from TalentLMS during your test, your timer will continue to elapse. To return to the test, simply follow the same steps that you took to start the test. Once the examination time is up, the test will automatically be over and submit any answers that were selected at that time.

1. The bottom right corner indicates that I am on Question 1 of 40, but the question number beside the text of the question is not number 1.

*This is because the questions are being shuffled per student such that the exam questions and their ordering may be different.*

2. Can I complete the exam on a mobile device?

*Though a computer is preferred, one can take the exam using their mobile device either by using a web browser on the mobile device, or by downloading the TalentLMS app: <https://www.talentlms.com/mobile>*
